How many hybrid storage projects are being deployed in Portugal?

Additional hybrid capacity is being deployed, namely by Iberdrola, Greenvolt, Akuo, EDP and GALP, supported by Portugal's Recovery and Resilience Plan (PRR) programme under the "Flexibility and Storage" incentive call. Under this PRR scheme, 41 projects were approved, totalling around 500 MW of new storage capacity and EUR 99.75 million in grants.

Will a 500 MW energy storage project help a greener economy?

The addition of at least 500 MW of energy storage projects "will enable significant advances in the decarbonization of the energy system and the transition to a greener economy, aligning with the goals established in the National Energy and Climate Plan 2030.

How much money did Solara4Phase4 receive?

The biggest grant was awarded to Solara4Phase4 to the tune of EUR 16.4 million. The second biggest went into the hands of another PV developer, Revendesol, amounting to EUR 14.75 million. The list of awarded projects includes six developments from Spanish utility Iberdrola, totaling almost EUR 20 million.

Portugal's updated energy plan targets 80 per cent renewable electricity by 2026 and 85 per cent by 2030. A total of 43 projects were selected from 79 applications in Portugal's 2025 energy storage ...

Portugal's energy-storage market is entering a new stage of maturity, combining grid-scale standalone batteries and hybrid (co-located) systems with renewable plants.

Portugal plans to hold an energy storage auction before January 2026 as part of a EUR400 million (\$462.2 million) initiative to enhance grid resilience following an April blackout.

As such, we're providing this "Cheat Sheet for Energy Storage Finance" based on our work as buy-side and sell-side investment bankers experienced in both energy storage venture capital

If you are interested in applying for project support under Portugal 2030, this basic guide will outline the key steps to help you navigate the process effectively.

Financing Plan for a 5MWh Mobile Energy Storage Container in Portugal

Portugal has awarded grant support to around 500MW of battery energy storage system (BESS) projects, using EU Recovery and Resilience Plan (RRP) funding, a bloc-wide scheme that has ...

The tender was launched in August 2024 and preliminary results were released last week. The Minister of Environment and Energy, Maria da Graça Carvalho, said on the occasion that ...

Want to slash energy costs by 40% while tapping into Portugal's renewable revolution? The government subsidy for mobile solar containers in Portugal is reshaping how businesses harness solar power.

Portugal allocates funding for 500 MW of energy storage - policy from the IEA Policies Database.
