The ELECOD Outdoor Cabinet ESS for PV Storage & Charging offers an integrated and scalable energy storage solution designed for photovoltaic energy generation and charging applications.

Provide stable power supply for villages and pastures without electricity, support centralized energy storage of household photovoltaic systems, and solve the power consumption problems of lighting, ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the top, and has ...

The product is compatible with wall-mounted and cabinet-type PCS installation. The standardized unitized design makes the product be flexibly configured according to actual application scenarios.

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Our mission: to green every watt of electricity generation and maximize every watt's value, ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements. This ensures that energy storage cabinets maintain excellent ...

We can provide users with full-scenario lithium battery systems, and provide customized lithium battery solutions to high-end users. Click the link below to download technical documents

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet.

High-temperature resistant photovoltaic energy storage cabinet for urban lighting

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.
