What are IP66 enclosures?

Our IP66 enclosures offer the highest protection against particles and a high level of protection against water. Following strict IP66 standard protection rating rules, these enclosures stringently adhere to these standards, and you can expect superior quality and craftsmanship.

Are IP66 enclosures weatherproof?

IP66 enclosures are weatherproof outdoor enclosures with the following protective features: IP66 enclosures are as versatile as they are tough, and they're rated for either indoor or outdoor use, making them a go-to choice for commercial and industrial enclosures of all kinds.

What is IP66 rating?

At Nema Enclosures, we observe the IEC standardized International (or Ingress) Protection Code system for measuring enclosures' capabilities.

What are the different types of IP66 cases & junction boxes?

Durable IP66 cases and junction boxes are available in a variety of sizes and styles. Material options for IP66 enclosures include plastic, steel, and aluminum. Meeting IP66 ratings ensures components and devices stay protected in dusty, dirty and wet environments.

These cabinets are UV-resistant, aging, corrosion-resistant, acid and alkali resistant, wind-resistant, waterproof, and shock-resistant, with a more robust and durable structure.

EverExceed VRLA battery cabinets are very durable, and easy to install. Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications.

PowerPlus Energy wall mounted IP66 rated enclosed cabinet for indoor or outdoor installations. This cabinet holds up to 4x LiFe or ECO PowerPlus lithium iron phosphate batteries (LiFePO4).

The cost of downtime, emergency maintenance, early battery replacement, and damaged credibility is always higher than the cost of a properly engineered IP66 outdoor ESS cabinet.
