Who makes the best server racks in Australia?

As a leader in Australia's top-quality, long-lasting server racks, CERTECH offers custom-built and designed racks and cabinets in various heights and widths to fit any purpose. CERTECH caters to your comms data center server rack and data cabinets, Department of Education (DOE) solutions, home network racks, and server cabinets.

What types of server racks are available?

Server racks and data cabinets, including floor-standing and free-standing server cabinets, open frames and racks, wall-mount network racks, and outdoor freestanding and wall-mount cabinets, are available to keep your networking and communication equipment secure and protected in a CERTECH network rack.

Are outdoor server cabinets IP rated?

Outdoor Server Cabinets UPS Solutions Australia IP-Rated Wall-Mount Enclosures for Harsh Environments
Our outdoor server cabinets are designed for rugged, weather-exposed environments where secure IT or electrical equipment needs to be installed outside. Featuring IP45 and IP65 rated protection, these wall-mounted

How do I know if my server rack is IP45 or IP65?

The rating is typically represented by two digits, such as IP45 or IP65, with the first digit representing protection against solid objects and the second digit representing protection against water. At 4Cabling, we offer outdoor server racks with both IP45 and IP65 ratings, so you can choose the level of protection that best suits your needs.
