Explore our collection of rack-mount power supplies at BridgeCom Systems, designed to provide reliable and efficient power management solutions for your communication equipment.

The Sorensen SGA Series Modular DC Power Supplies represents the next generation of high-power programmable DC power supplies. The SGA Series DC power supply is designed for exceptional ...

SMART SOLUTIONS REFERENCE SUMMARY Solutions Design 150kW 11 Racks with Containment ... Performance Highlights SmartAisle™ technologies result in a superior PUE performance and ...

The Sorensen SG series (hereafter SG Series) represents the next generation of high power programmable DC power supplies. The SG Series is designed for exceptional load transient ...

TDK-Lambda is a global supplier of rack mount and hot swap AC-DC power supplies in a broad range of power levels to fit many applications.

Our rack mount power supplies deliver reliable, programmable DC power in a compact form factor that fits directly into standard 19" racks--making them ideal for ATE systems, production lines, and high ...

Matsusada Precision offers a comprehensive lineup of high-performance Rack Mount DC Power Supplies and Programmable DC Power Supplies engineered for compactness, low noise, and high ...

From benchtop and modular power supplies to rack-mounted industrial power subsystems, AMETEK Programmable Power is a leader in designing and manufacturing precision, programmable, and ...

Lab-Power's LAB DCHC range of programmable power supplies. Full range up to 150kW in a 19" rack. 0-1500V, 0-6000A.

## Manufacturer of 150kW Communication Power Supply Racks

The MT Series delivers 150 to 250 kW of programmable DC power per floor-standing cabinet, using high-frequency IGBT current-fed power processing and integrated AC input breakers for robust, high ...
