Could a battery energy storage site be in Ottawa's West End?

With files from CTV News Ottawa's Kimberley Fowler A proposed battery energy storage site in the city's rural west end was at the center of discussion during an open house on Sunday, with concerned residents coming to heads with the company spearheading the project.

Why is evolugen building a new battery in Ottawa?

Evolugen's website says the facility will provide benefits to the community, including grants for local organizations, job opportunities for residents, and reduced energy costs. "We're really excited to be doing this battery project. It's one of two in the city of Ottawa," said Geoff Wright, Evolugen's Canadian head of development.

Why has Ottawa thrown its support behind a battery facility?

City council has thrown its support behind a contentious battery facility in rural west Ottawa, after rural councillors rebuffed the same appeal last week. At a Wednesday meeting, councillors voted overwhelmingly to support the proposal from Evolugen, a renewable energy company based in Gatineau, Que.

Will evolugen build a battery energy storage system?

At a Wednesday meeting, councillors voted overwhelmingly to support the proposal from Evolugen, a renewable energy company based in Gatineau, Que. The company is seeking to build a Battery Energy Storage System (BESS) on a 4.5-hectare plot of rural land off Marchurst Road, about 30 kilometres west of downtown Ottawa.

Once complete, the new Skyview 2 Battery Energy Storage System will provide enough capacity to power nearly 400,000 homes, strengthening the province's electricity grid and protecting ...

Ottawa city councillors voted to support a controversial battery energy storage system (BESS) facility in West Carleton despite the objections of rural councillors and residents who voiced...

OTTAWA, Canada - May 12, 2025. BluWave-ai and Evolugen today announced an initial project to run the BluWave-ai Energy Storage Autopilot(TM) to automate operations of grid-scale batteries using AI ...

## Ottawa energy storage new energy battery manufacturer

The company is seeking to build a Battery Energy Storage System (BESS) on a 4.5-hectare plot of rural land off Marchurst Road, about 30 kilometres west of downtown Ottawa.

Trail Road Battery Energy Storage Systems is a 150 MW battery storage project with 600 MWh of energy storage, located in the City of Ottawa, Ontario. Evolugen has partnered with AOPFN ...

Although energy storage comes in different shapes and sizes, the lithium-ion Battery Energy Storage System ("BESS") is the fastest emerging technology in North America and is planned to be deployed ...

In October 2023, the Independent Electricity Systems Operator (IESO) put out a call for proposals for new Battery Energy Storage Systems (BESS).

A city committee passed new regulations Thursday that lay out the ground rules for companies looking to build battery energy storage facilities in Ottawa, but residents are split on ...

Gatineau-based energy company Evolugen is looking to build a battery energy storage system (BESS) in the community of South March in a project the company says will help address a...

Essentially, a BESS is a massive collective battery -- in this case a lithium ion battery -- to store electricity and distribute it as needed. The proposed property totals about 81 hectares of land.
