---

PASH Global and ERIH Holdings have formed a joint venture to develop utility-scale solar and battery storage projects in Paraguay.

Paraguay's capital, Asuncion, is taking bold steps toward sustainable energy solutions. The Asuncion Energy Storage System Lithium Battery Project stands at the forefront of this movement, combining ...

Our containerized BESS units are being customized for Paraguay's humidity and voltage specs. Early adopters are already seeing ROI within 4 years, thanks to peak shaving and frequency regulation ...

This article explores the city's operational and planned storage facilities, their impact on Paraguay's energy grid, and how companies like EK SOLAR contribute to this green transition.

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

The Porto Cerro facility combines lithium-ion batteries with pumped hydro storage, creating a hybrid system that adapts to Paraguay's diverse terrain. Imagine a Swiss Army knife for energy ...

Two investors plan to deploy solarDec 25, & #;& #;& #;A joint venture (JV) formed by investors PASH Global and ERIH Holdings reportedly plans to develop utility-scale solar power facilities and ...

The fully-integrated lithium-ion ESS will comprise six Saft Intensium Max High Energy containers, providing a total of 13.8 MWh (megawatt-hour) energy storage, together with power conversion and ...

In this article, we will explore how VPPs are transforming Paraguay's energy sector, focusing on the unique regional challenges and opportunities for integrating residential battery storage.
