In the global market, we have established our first joint venture in Thailand to sell power to companies, and have started providing clean energy generated by PV systems installed on factory rooftops.

The company produces thin film modules and mono and poly-crystalline silicon solar cells. Sharp's photovoltaic (PV) modules are used for many applications, from satellites to lighthouses, and industrial applications to residential use. Sharp Solar manufactures PV modules in multiple locations, though it shut down solar panel production at its factories in Wrexham, Wales and Memphis, Tennessee in 2014.

Sharp Solar Solution Asia Co., Ltd. (SSSA) has concluded an agreement with Fuyo General Lease Co., Ltd. to establish S-Solar Generation Thailand Co., Ltd., which will ...
