## What is the Solar Futures Study?

The Solar Futures Study is a report by the U.S Department of Energy's Solar Energy Technologies Office (SETO) that explores the role of solar energy in achieving a decarbonized grid by 2035 and a decarbonized energy system by 2050. The Solar Futures Study does research, development, demonstration, and deployment assistance for solar energy.

## What is Solar Workforce Development?

Solar workforce development refers to online training, on-the-job training, curriculum development, and other activities that prepare people for careers in the solar industry. Solar workforce development includes various publications from SETO explaining the office's activities, projects, and goals.

## What is the solar energy technologies office (Seto)?

The Solar Energy Technologies Office (SETO) is the part of the Department of Energy that does research, development, demonstration, and deployment assistance for solar energy. This is SETO's Multi-Year Program Plan for fiscal years 2021 through 2025. The 2020 SETO Portfolio book highlights the office's active projects.
