Where does Trina Solar sell?

Trina Solar's sales of large-scale energy storage containers and systems had penetrated six regional markets by the close of 2023, including China, Europe, Asia-Pacific, North America, Central and East Africa, and Latin America. Its cumulative shipment volume reached nearly 5 GWh.

Is Trina Solar a sustainable solar company?

Sustainability Leadership with ESG Focus: Trina Solar's industry-first TÜV Rheinland LCA certification for 210mm modules, EcoVadis Gold Level CSR rating, and facilitation of 202 million tons of CO2 emissions reduction demonstrate strong environmental credentials that are increasingly important for corporate buyers in 2025.

Why did Trina sell its Texas solar plant for \$340 million?

Geopolitical Challenges Reshaping Strategy: The 2024 sale of Trina's Texas facility for \$340 million just one week after opening highlights how U.S.-China trade tensions and supply chain scrutiny are forcing Chinese solar manufacturers to adapt their global expansion strategies.

Is Trina Solar a good choice for large-scale solar projects?

Market Leadership with Scale: Trina Solar has established itself as a top-3 global solar manufacturer with over 205GW of cumulative shipments and operations in 100+ countries, demonstrating the scale and reliability that makes it a Tier 1 bankable choice for large-scale solar projects in 2025.
