Tunisia accelerates clean energy transition by awarding large-scale wind and solar projects to global developers under its 1.7GW plan.

A consortium of Norway's Scatec and Japan's Aeolus, a unit of Toyota Tsusho, will develop a 100 MW PV plant near Mazouna in Sidi Bouzid Governorate, all equipped with Battery ...

Tunisia has awarded French renewable energy company Voltalia a contract to develop a 132-megawatt solar power project to boost electricity supply in the country.

Three 100 MW plants have been awarded: Qair International will develop El Ksar in Gafsa, Scatec will build Mezzouna in Sidi Bouzid, and Voltalia will construct Menzel Habib in Gabès.

Under the latest round of awards, the government selected several global companies to develop large-scale wind and solar projects across the country. French renewable energy firm ...

02 Feb 2026 Voltalia, an international player in renewable energies, has secured a 132-megawatt solar project in the Gabès region in south-east Tunisia After winning the Sagdoud project ...

With the addition of the Wadi project, Voltalia's total solar capacity in Tunisia that is planned to move into the construction phase has reached nearly 400 MW. Furthermore, the project aligns ...

Voltalia wins a new solar project in Tunisia Voltalia (Euronext Paris, ISIN code: FR0011995588), an international player in renewable energies, secures a 132-megawatt solar project in the Gabès region ...

Tunisia's energy storage power generation sector is transforming faster than a desert sunset. With solar irradiation levels hitting 5.3 kWh/m²/day and wind speeds reaching 9 m/s in coastal areas, this North ...

Tunisia develops solar and energy storage

Endesa Generación Portugal, part of Enel Group, has been award the connection rights to develop a renewable energy project combining solar, wind, green hydrogen and a 168.6MW battery energy ...
